

THE PROFESSIONAL GRADE STANDARD

OUR COMPANY

PJ Trailers has been the industry leader for over 25 years when it comes to combining product quality, support, and level of personal customization. We sell our trailers through a nation-wide network of individual dealers, ready to outfit you with a custom trailer that meets your needs and supports you afterward. Each of our trailer categories is built with quality components as standard, like lifetime warranty LED lights, heavy-duty running gear, and a three year frame warranty. The entire build process is designed to ensure your trailer is in service for years to come and function with the flow of your business or recreational activities. This commitment to our customers means we're a partner you can count on, rain or shine.

QUICK FACTS

STANDARD FEATURES MAKE THE DIFFERENCE

All PJ Trailers products include standard features built into the trailers to ensure they stand up to the toughest conditions.

✓ Powder Coated

for a durable extra glossy finish.

✓ Sealed Wiring Harness

Enclosed in Tube and/or Conduit for ultimate wiring protection.

✓ Channel Crossmembers

for added frame rigidity and deck strength on our Carhaulers, Flatdecks, Dumps, and Tilts.

✓ I-Beam Goosenecks

for the strongest gooseneck construction available.

✓ Radial Tires

for reliability, safety, and increased tread wear.

✓ Pressure Treated Lumber

for a long lasting deck.

Other manufacturers consider these options – at PJ Trailers, we consider them essential requirements of a safe, durable and dependable trailer.

PJ TRAILERS

A DEALER NETWORK BUILT TO SERVE YOU ANYWHERE

PJ Trailers are sold exclusively by independent, local dealers located widely throughout the United States and Canada. Our dealers are the backbone of our business, and unlike many other manufacturers we do not sell out of the factory or through company stores. During the 25+ years we have been in business, we have learned that dealers know their local market best. In addition, your trailer is an investment, and our dealers ensure you have a convenient place to keep your trailer in top operating condition.

A WARRANTY YOU CAN BELIEVE IN

PJ Trailers offers a warranty you can count on and an approach to customer service aimed at meeting all your needs. We offer a minimum One Year Unlimited Mileage Warranty and an industry-leading Three Year Warranty on all trailer frames, as well as a hassle free approach to resolving any issue that arises.

HIGHEST QUALITY COMPONENTS

PJ Trailers uses only the highest quality components in its trailers. We work together with our suppliers of critical parts such as axles, jacks, lights, and tires to deliver the most reliable products to keep your trailer working 365 days a year. Our suppliers are chosen carefully based on the reliability of their products and their same commitment to our Hassle-Free Warranty approach.

OUR GRATITUDE

At PJ Trailers, we view our customers as lifelong partners in building the industry's most dependable trailers. We work every day to have the same long-term relationship with the people who use our products to meet their hauling needs.
